

SIMULATED BUPRENORPHINE TREATMENT GROUP – PART 2

Focus on Addiction and Recovery

Ken Saffier and Several Patients

February 16, 2011

CCRMC/HC's

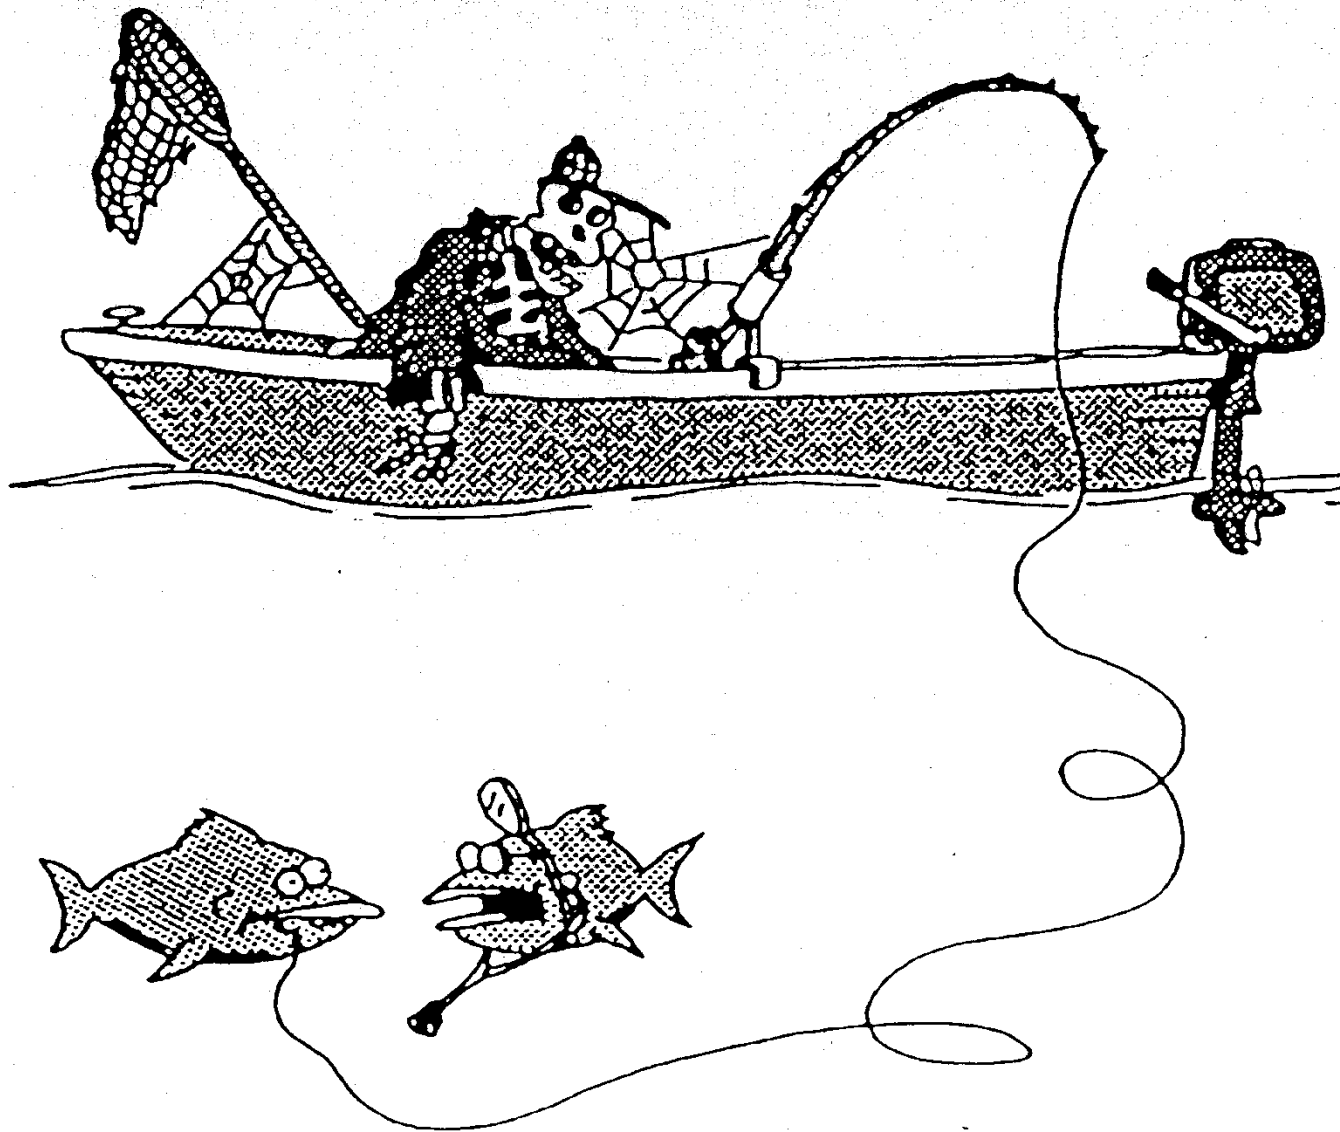

Disclosures

Ken Saffier, MD, has no financial interest or other relationship with the manufacturer of any commercial product discussed in this presentation.

Learning Objectives

By the end of this experience, participants will be able to:

1. Explain how buprenorphine treatment facilitates not only abstinence from opioids, but recovery from addictive disease.
2. List at least 3 reasons why a health care provider's compassionate, positive attitude facilitates recovery from addictive disease.

“Well, first the bad news —
you’re definitely hooked.”
